

KEVIN B. MAYO

SUMMARY OF EXPERTISE

Experienced executive in the chemical and refining industries. Extensive experience managing manufacturing operations that use and/or produce highly hazardous materials. Broad experience with PSM, RC14001, and safety improvement. Successful in both union and non-union environments.

- Managed the full PSM program associated with the \$3.8 billion refinery expansion at Marathon Oil's Garyville, LA, refinery.
- Experience managing the use and production of hazardous materials, including: chlorine, phosgene, hydrofluoric acid, ethylene, vinyl acetate monomer, methyl methacrylate, methanol, hydrochloric acid, glacial acetic acid, ammonia, carbon monoxide, and various monomers and solvents.
- Full PSM oversight and accountability at three world scale chemical plants; INEOS/ICI, St. Gabriel, LA; National Starch and Chemical Company, Meredosia, IL; Arch Chemicals, Rochester, NY.
- Experienced PHA team leader/facilitator.
- PHA review responsibility at a major chemical complex; DuPont's Washington Works, Parkersburg, WV.
- 20+ years experience in the management, execution, and improvement of PSM programs.
- 30 years experience in the management and improvement of safety programs.
